Accessing Account Data

The Market Value listed at the top of the page is a total of all accounts through the date that is specified in the line above the <u>red</u> dollar amount, so in this case the <u>total</u> market value of the RCAB CIF is \$269,785,689.47 as of 5/31/2013. This is also the date of the most recent reports and the last transaction date. (Dates referred to here only reference this example)

From the "Accounts" screen you have the ability to select a specific account by clicking on the drop down arrow for either the Account Name or the Account Number. Once you make your selection, you must click on the Filter button to get the account information.

Please note that if you are an individual with access to multiple groups within the Archdiocese, then the Filter By Group function will allow you to narrow your selection by selecting a particular group first by clicking on the drop down arrow for this selection, and afterward clicking the Filter button.

You can move your cursor down to a specific account or select "All Accounts" at the top of the drop down list.
